

Learning Survey

Sample student questions

This survey is not about how much you do or do not like any teacher, or about any specific lesson. It is designed to help the school continue to improve. To do this we need honest, helpful and constructive feedback.

All questions are optional and this feedback is anonymous. Circle a number which is closest to your opinion.

In this subject, classes are respectful places where it is safe to learn and it is ok to make mistakes

Strongly agree	1	2	3	4	Strongly disagree
----------------	---	---	---	---	-------------------

In this subject I understand the value (beyond exams) of what we are learning

Strongly agree	1	2	3	4	Strongly disagree
----------------	---	---	---	---	-------------------

In this subject our teachers link things we are learning to things we have learnt before

Strongly agree	1	2	3	4	Strongly disagree
----------------	---	---	---	---	-------------------

There is time for me to discuss my ideas (in pairs, group, whole class)

Strongly agree	1	2	3	4	Strongly disagree
----------------	---	---	---	---	-------------------

In this subject there are challenges at a suitable level for me to learn

Strongly agree	1	2	3	4	Strongly disagree
----------------	---	---	---	---	-------------------

I have time to develop and practise skills in this subject

Strongly agree	1	2	3	4	Strongly disagree
----------------	---	---	---	---	-------------------

Is there anything else you would like to say?
